

# Model Feature

## Citroën C4 Picasso (2<sup>nd</sup> Gen)

Citroën has long been synonymous with practicality, space and comfort and it's exactly that recipe that has seen its MPV models rise to prominence.

The C4 Picasso is arguably the pick of the Citroën bunch offering drivers a winning combination of efficient engines, a stylish yet practical interior and a relaxed driving experience. The French firm has also taken huge steps forward when it comes to build quality with models like the C4 Picasso helping to banish the ghosts of some infamous vehicles from its past - the much maligned 2CV being a prime example.

To keep these family-focussed vehicles on European roads, Comline offers a comprehensive Friction and Filtration range for the C4 Picasso, as highlighted by the 1.6 Diesel example enclosed.

With Comline, outstanding quality, value-for-money and consistent reliability all come as standard so why not call our Sales Team today on **01582 578 888** and see what we can do for your business.
